

WACO Education Officer's Report – 2015

The Association held a Level 1 umpires course pre-season. There were 14 candidates of which 11 were successful.

We have a present 16 umpires attending an ECB/ACO a Level 1A course, of which 6 are expecting to go through to the Level 2 stage.

We also held a two-day PDC course at New Road, which was extremely well attended. There will be a further similar course held prior to next season, the main topics will be all the new and possible proposed law changes and, again, discipline.
