

WACO Scorers' Officer's Report – 2016

First of all I must mention the Worcestershire 1st XI scorer, Dawn Pugh. Dawn was diagnosed with cancer last autumn and was unable to carry out her scoring duties until she was given the all-clear in July. Dawn went through a tough battle but she got through it and it's great to see her back in the New Road scoreboard.

Once again scorers were required for the county age group games in 2016 and I would like to thank all those that were able to score these matches and especially to Anne Wilson for doing the scorer appointments.

This year we have had 7 candidates for the ECB ACO Level 1 course and in October their scorebooks will be scrutinised as they aim to achieve their qualification. Thanks again to Inge Bevers for her assistance during the course.

Worcestershire ACO, with the help of Worcestershire Cricket, can offer courses to anyone who would like to score, regardless of experience. If you know anyone who might be interested, then please get in touch. Details will be on the Worcestershire ACO website as soon as the dates and venues have been confirmed.
